MRC

Casualty

- Any Marine lost to the organization having been declared deceased, DUSTWUN, missing, ill, or injured.

Occurs any time…any place!

MRC

Casualty Status

- Terms used to classify a casualty:
  - Seriously Ill or Injured (SI)
  - Very Seriously Ill or Injured (VSI)
  - Special Patient (SPECPAT)
  - **Not Seriously Injured (NSI) (multiple casualties only)**
  - Duty Status Whereabouts Unknown (DUSTWUN)
  - Missing
  - Deceased

MRC

Deceased

- A status applicable to a person who is known to have died or is determined to be dead as the result of a finding of death or a presumptive finding of death
  - recovery of remains is not a prerequisite to declare a Marine deceased.

DUSTWUN

- (Duty Status-Whereabouts Unknown) - A transitory casualty status applicable only to military personnel, which is used when the responsible commander suspects the member may be a casualty whose absence is involuntary, but does not feel sufficient evidence currently exists to make a definite determination of missing or deceased.

Missing

- A status applicable to a person who is not present at his or her duty location due to apparent involuntary reasons and whose location may or may not be known.
  - Commander may only *recommend*

Personnel Casualty Report (PCR)

- **Message containing casualty information and primary source of information** used in notifying the NOK
- Administrative rather than operational
  - OPREP3 - SIR
  - Sent immediately to MRC from the reporting unit
  - Contains accurate/verified information
  - Fax advance copy to MRC
  - Supplemental report

INFORMATION IS VITAL TO NOTIFICATION
